IN RESPONDENTS' WORDS · ON OWNERSHIP LEADERSHIP

> "I don't see a path to improvement without selling the team. At the very least, need a team president and Bidwill backs away from operations. The reputation is damaged severely. Nobody wants to coach or play here. Need a drastic turn around. Sell or back away.

— FAN FOR 20+ YEARS · PHOENIX METRO · NEVER HELD SEASON TICKETS

> "Bidwill needs to step away and let someone else run the team. It's time to do something different, we have the same results year after year. Everyone makes jokes about the AZ Cardinals. I love and support the coach and players, but not the GM or owner.

IN THEIR OWN WORDS

> Do us a favor and please sell the team. Or if you don't want to sell the team please hire a team president and spend on good players, we are tired of suffering. It's the same thing every year. I can't do it anymore. Please listen to the fans.

> …You do a lot for this community, and we appreciate that. Sometimes in life we have to humble ourselves and admit when we need change and help for that change. Hire a Team President and personnel who you can trust to turn things around. Let go of the reigns and let them do what they do best. …

METHODOLOGY & LIMITATIONS

HOW IT WAS COLLECTED

Independent, grassroots online survey (Google Form) promoted at cardinalssurvey.com and on social media by fans. Responses in this report: **3,057**, submitted Oct 19, 2026 10:10 AM to Oct 22, 2026 8:32 AM (Arizona time). The survey closed Thursday, Oct 22, 2026 at 9:00 AM (Arizona time); this **final** report includes every response through the latest timestamp. Some questions were shown only to some groups, so those results use smaller bases (shown on each chart): renewal plans to current season ticket holders; cancel reasons, last season and renewal likelihood to former holders; attending a game and buying gear to current holders and those who never held season tickets. Ratings use a 1–10 scale; bands are 1–3 (low), 4–7 and 8–10 (high).

CLEANING (AUTOMATED AND REPRODUCIBLE; RAW DATA NEVER MODIFIED)

- **n=3,057 responses · 0 excluded by cleaning.** Every number uses all 3,057 responses.
- 9 responses exactly match another submitted within 10 minutes (possible double-submits); 105 match another response overall, mostly multiple-choice-only. All are included.
- Contradictions with the form's branching: 0. Keyboard-mash free text: 0.
- Rating bursts (≥5 consecutive submissions with identical all-1 or all-10 core ratings within 5 minutes): 17 rows flagged for information. Uniform ratings are treated as genuine.
- Free-text season-ticket years normalized to a 4-digit year; 24 could not be resolved (shown as Unknown).
- Every flag is recorded per response with its reason.

LIMITATIONS

- Self-selected online sample: people who saw the link and chose to respond. Not random, not weighted, not a scientific poll; no margin of error applies, and results may not be generalized to all Cardinals fans.
- No identity verification was required.
- Comment themes come from keyword rules, not hand-coding, and a comment can carry more than one theme; theme counts are approximate.
- Renewal time frames are as worded on the form: "2027" for current holders, "2026/27" for former holders.
- Current holders reached the attend and gear questions right after their renewal question (the form section was titled for non-season ticket holders); former holders were not asked.

PUBLIC DATASET

All 3,057 responses with full timestamps (Arizona time, MST), original column order, and free text masked exactly as in the comments appendix: profanity with asterisks, slurs shown as [slur removed], names of private individuals as [name], and seat locations and season-ticket or fan years generalized ([section]; [the late 1980s]; years rounded down to the nearest 5, e.g. [35+] years; "fan since" years left as written; square brackets mark an editor's generalization of an identifying detail). 86 comments and 6 other free-text answers carry at least one mask; no answer is removed.

QUOTES AND COMMENTS

Quotes in this report are verbatim; comments with profanity, slurs, threats or names of private individuals were not eligible, and comments with identifying details were trimmed of those details or not eligible to be quoted. Every comment, in full, is in the companion appendix: **Fan Comments: Complete Appendix**. It prints all 1,123 comments as written; the only changes are masked profanity, slurs shown as [slur removed], masked names of private individuals or contact details, and generalized seat locations and season-ticket or fan years.
